PROFILE

Motion designer and 3D artist with a B.A. in Visual Communication Design from Yeditepe University. I build product scenes in Blender and Autodesk Maya, animate them with 2D motion graphics in After Effects, and edit the final video in Premiere Pro, soundtrack included. I have taken client work from brief to final master in both digital video and print.

EXPERIENCE

Ahmet Şen Matbaası (Azize Invitations) · Istanbul

Design and printing studio producing bespoke invitations for international clients

01/2023 – 02/2023 · 07/2024 – 09/2024 **Video Editor, 3D Artist & Social Media (project-based)**

09/2022 – 12/2022 **Intern**

- Modelled the company's physical invitation boxes in 3D with Autodesk Maya and Blender, then turned them into marketing videos by designing the scene and soundtrack. The videos are now shown to customers in the showroom while they browse sample invitations.
- Produced bespoke digital video invitations for client briefs, combining 3D renders with 2D motion graphics and animated typography in After Effects.
- Edited client-facing promo reels in Premiere Pro from first cut to final master, delivering every project on time under tight deadlines.
- Worked directly with clients through revision rounds to refine the visual style of each invitation.
- Re-engaged for the summer 2024 campaign to plan, shoot, edit and publish Instagram Stories, posts and promo videos for the company's social media.
- Prepared print-ready layouts for physical invitations, applying typography and colour-management standards.
